Viking Growth Nordic SaaS Index Description

The Viking Growth Nordic SaaS Index is designed to track the development of a predefined selection of listed Nordic SaaS companies focused on B2B software. The companies included in the index must derive the majority of their revenues from business-oriented software products as determined by Viking Growth. In addition, the companies must have traded for at least 3 months with a meaningful trading volume and have a market capitalization over USD 10m.

The information presented here aims to provide the reader with quantitative information regarding the development of the Nordic SaaS market for informational and educational purposes only. It does not necessarily represent Viking Growth's view of the market – and should not be considered investment advice.

The selection and eligibility criteria for the index is outlined at the end of this document.

Viking Growth Nordic SaaS Index Criteria

Industry inclusion criteria

Must derive majority of revenue from business-oriented software products, as determined by Viking Growth. Products must be provided via cloud (web, mobile, API) in a cloud business model (subscription-based, volume-based or transaction-based offerings), and owned by the constituent (i.e. no resellers/implementation consultants).

Eligible exchanges

Must be listed on Euronext Oslo, Euronext Growth, Nasdaq Copenhagen, Nasdaq Helsinki, Nasdaq Iceland, Nasdaq Stockholm, Nasdaq First North Growth Market or Spotlight Stock Market.

Security type criteria

One class of securities per issuer, common stock/ordinary shares permitted.

Trading criteria

Must have been traded 3+ months and have a meaningful trading volume.

Market capitalization eligibility

Minimum market capitalization of USD 10 million at the time of rebalancing.

Index reconstitutions/rebalancing

Semi-annual in April/May and October/November. Viking Growth may from time to time remove an index constituents, such as if a security gets delisted, or other similar events.

Index weighting

Equal-weighted index. Companies that start trading mid period will enter on previous day's index value.

Consensus estimates

Consensus estimates are updated on a quarterly basis.
